

**Zbinno: entertain you life.**

**Bring together your digital entertainment into one smart compact speaker with immersive sound performance.**

Smart compact speaker

**Satin alloy body, simply beautiful**

Crafted into a minimal design with a satin alloy body, Zbinno wireless smart speaker brings you songs, movies, TV shows and many more apps for exploration at Google Play. You couldn't have a simpler and faster streaming experience.

ARM Cortex-A7 + Mali 400MP2 GPU

**Supercharged heart, lightning-fast performance**

Zbinno features a powerful Chipset with 40nm process technology. It is powered by the ARM Cortex-A7 processor with Mali 400MP2 GPU that is paired with 1GB of RAM and 8G of ROM, which help deliver lag-free video streaming, and impressive multi-tasking.

Android 5.1 + Apps

**More apps for more fun.**

With in-built Android Lollipop and 180 optimizes for bigger screen, and powerful CPU/GPU, Zbinno redefines portable speaker with more entertainments than ever. Now you can access to massive apps over Wi-Fi and easily discover your favorite songs, episodes, films and more.

Entertainment unleashed

Your favorite entertainment apps are here, follow YouTube channels, get latest episodes on Netflix, explore a wealth of tracks on Spotify and many more in Google Play.

Bluetooth Remote Control

**You're in control.**

With Zbinno Bluetooth remote control, you tell your Zbinno exactly what you want to play. Select, change, and navigate your music and volume effortlessly from anywhere in your room with 10 meters Bluetooth transmission distance.

Balanced speakers at the end points

**Experience ultimate 3D sound**

It's a speaker with 10W audiophile speaker, pumping out 85 decibels of sound. Zbinno delivers you massive and rich sound with decent bass and midrange and well-balanced stereo soundscape. Just find the song, movie or TV show you're in the mood for, and experience an immersive high-fidelity sound space in your room.

5.5 inch HD IPS + 1280 x 720 resolution

**Stunning clarity, immersive view**

A 5.5 inch HD screen with resolution of 1280 x 720 provides crisp images with remarkable clarity and color. Boasting a richer, brighter, more detailed view when compared with screens under the same dimensions.

Convenient and lightweight

**Portable, entertain yourself from anywhere**

Entertain yourself from anywhere with Zbinno, at just 780g. Place the wireless speaker on your office tablet, bedside, midsize party room, small backyard or on melancholy. It's premium appearance and audio performance would amaze you.
